... GreyGuide 5-Years On

However, if we consider other factors responsible for its growth and development:

- **system management and technical support**
- **link to GreyNet's Resource Policy Committee (RPC)**
- **steady increase in records from the GL-Conference Series**
- **migration of other web based content to its portal and repository**
- **impressive user statistics issuing from WorldWideScience.org**
- **pivotal role in monitoring the Pisa Declaration on Policy Development**

GreyGuide - Plan of Action

1. Include all RPC member repositories on the GreyGuide Portal
2. Integrate the tasks of GreyNet's RPC and GreyGuide 's Steering Committee
3. Seek new avenues of acquisition for the GreyGuide repository
4. Develop the GreySource Index and explore ways it can populate GreyGuide
5. Address further the inclusion of non-textual materials in the GreyGuide
6. Incorporate the GreyGuide in workshops and other training modules
7. Find effective ways of capturing more use and usage statistics
